<b>ANNUAL REVIEW MONTH:</b>	<u>June</u>
<b>RESPONSIBLE FOR REVIEW:</b>	<u>Director of Central Care</u>
<b>LAST REVISION DATE:</b>	<u>August 2010</u>

**Central Care utilizes relational MANDT techniques only. When those techniques are unsuccessful, the following procedure is implemented.**

- 1. In the event that a consumer has walked away or left the house unescorted, staff will follow the consumer and keep him/her in sight.**
- 2. Staff will attempt to de-escalate the consumer by using relational MANDT techniques. Consumer will be encouraged to return home and/or provided with assistance in reaching desired destination.**
- 3. Staff will make every effort to maintain consumer's safety.**
- 4. Service Director and Team Leader/designee and will be notified of the situation when staff feels that the consumer's safety is in question and police department will be notified and asked to assist.**
- 5. Staff will provide police with any necessary information and assist as needed.**
- 6. If consumer leaves staff's sight, refer to Consumer Missing policy.**
- 7. Staff will complete appropriate documentation and forward to responsible personnel.**
